Patrol Rifle Instructor Course

POST# 18720

Firearms instructors take your skills and abilities to a new level. The addition of the semiautomatic rifle has increased the effectiveness of the patrol officer, but it also offers challenges to the trainer. This course is a POST approved course required to obtain a patrol rifle specialist instructor license. This two-day course is mentally and physically demanding, so participants must be in good physical condition. Both days will run longer than the minimum of eight (8) hours with low light shoot. Our 44-hour Firearms Instructor Course is a precursor to this program.

Due to the interactive and practical nature of this course, class size is limited to 20 students.

PRE-REQUISITES:

Students must be a licensed Peace Officer or employed in the law enforcement field and already be a Basic Firearms Instructor (per-approval required); Three plus years of law enforcement experience is recommended.

Training Topics Will Include
Sighting, zeroing and carries
Weapon storage
Liability

Loading, unloading and reloading
Training and range safety
Close quarter engagements and weapon retention
Stoppages and failure drills
Low light shooting
Instructional techniques

Go to the training calendar at www.mosheriffs.com to download more information and necessary equipment list.
