Tactical Medical for First Responders

POST# 13906

This course is designed to define a medical threat assessment,
to include a medical plan for a tactical operation.

Students will learn how to apply techniques to control life threatening bleeding during care under fire in a HOT ZONE. Additionally, they will perform techniques to treat life threatening and non-life threatening injuries during tactical field care in a WARM ZONE. During the program, students will demonstrate lifting, moving, and extricating victims from a tactical or hostile environment during tactical evacuation care.

PRE-REQUISITES:

Current CPR and Basic First Aid Training (prior to certification being issues, must obtain prior or withing 30 days of class completion.)

Students are encouraged to wear proper clothing (i.e. BDU pants, t-shirt or compatible clothing) for skill drills that include being dragged and carried. If you have duty gear, it is recommended. Eye and ear protection also required. Drinks and snacks will be provided.

This course is recommended for law enforcement, fire fighters, EMS, security and range operators.
